

STŘEDNÍ PRŮMYSLOVÁ ŠKOLA STROJNÍ A ELEKTROTECHNICKÁ A VYŠŠÍ ODBORNÁ ŠKOLA, LIBEREC 1, Masarykova 3

Masarykova 3, 460 84 Liberec 1, tel. 485 100 113, fax 485 100 063, e-mail sekretariat@pslib.cz, <http://www.pslib.cz>

Témata pro zpracování školních zkušebních úloh

Předmět: anglický jazyk
Platnost: jaro 2011, podzim 2011
Třída: A4

1. Our school – history, specializations, facilities, my 4 years here
2. My specialization, special excursions and working experience during my studies
3. Czech system of education, comparison to the British + American systems
4. Learning foreign languages, English as a means of international communication
5. Liberec – the town where I live or study
6. Czech Republic – history, geography, people
7. UK – history, geography, people
8. USA – history, geography, people
9. Canada – history, geography, people
10. Australia + New Zealand – history, geography, people
11. Famous English writing authors, the book I have read
12. Science and technology in our lives, famous inventors and scientists
13. Impact of industry to the environment, sustainable sources of energy
14. Technical specifications, measurements, measuring devices
15. Safety at work, instructions
16. Cars – parts, engine, driving, traffic rules
17. Computers in everyday life, basic configuration
18. Electronic communication
19. Engineering materials, corrosion
20. Industrial production, CAD, CAM
21. Electrical circuit, effects of el. current
22. Basic electronics terms, semiconductors, diodes
23. Automation, robotics
24. Transmission of signals
25. Computers – input and output devices

STŘEDNÍ PRŮMYSLOVÁ ŠKOLA STROJNÍ A ELEKTROTECHNICKÁ A VYŠŠÍ ODBORNÁ ŠKOLA, LIBEREC 1, Masarykova 3

Masarykova 3, 460 84 Liberec 1, tel. 485 100 113, fax 485 100 063, e-mail sekretariat@pslib.cz, <http://www.pslib.cz>

Témata pro zpracování školních zkušebních úloh

Předmět: anglický jazyk
Platnost: jaro 2011, podzim 2011
Třída: E4

1. Our school – history, specializations, facilities, my 4 years here
2. My specialization, special excursions and working experience during my studies
3. Czech system of education, comparison to the British + American systems
4. Learning foreign languages, English as a means of international communication
5. Liberec – the town where I live or study
6. Czech Republic – history, geography, people
7. UK – history, geography, people
8. USA – history, geography, people
9. Canada – history, geography, people
10. Australia + New Zealand – history, geography, people
11. Famous English writing authors, the book I have read
12. Science and technology in our lives, famous inventors and scientists
13. Impact of industry to the environment, sustainable sources of energy
14. Technical specifications, measurements, measuring devices
15. Safety at work, instructions
16. Cars – parts, engine, driving, traffic rules
17. Computers in everyday life, basic configuration
18. Electronic communication
19. Engineering materials, corrosion
20. Industrial production, CAD, CAM
21. Electrical circuit, effects of el. current
22. Generation and distribution of electrical energy
23. Robotics
24. Electromotor, portable generator
25. Computers – input and output device

STŘEDNÍ PRŮMYSLOVÁ ŠKOLA STROJNÍ A ELEKTROTECHNICKÁ A VYŠŠÍ ODBORNÁ ŠKOLA, LIBEREC 1, Masarykova 3

Masarykova 3, 460 84 Liberec 1, tel. 485 100 113, fax 485 100 063, e-mail sekretariat@pslib.cz, <http://www.pslib.cz>

Témata pro zpracování školních zkušebních úloh

Předmět: anglický jazyk
Platnost: jaro 2011, podzim 2011
Třída: L4

1. Our school – history, specializations, facilities, my 4 years here
2. My specialization, special excursions and working experience during my studies
3. Czech system of education, comparison to the British + American systems
4. Learning foreign languages, English as a means of international communication
5. Liberec – the town where I live or study
6. Czech Republic – history, geography, people
7. UK – history, geography, people
8. USA – history, geography, people
9. Canada – history, geography, people
10. Australia + New Zealand – history, geography, people
11. Famous English writing authors, the book I have read
12. Science and technology in our lives, famous inventors and scientists
13. Impact of industry to the environment, sustainable sources of energy
14. Technical specifications, measurements, measuring device
15. Safety at work, instructions
16. Cars – parts, engine, driving, traffic rules
17. Computers in everyday life, basic configuration
18. Electronic communication
19. Engineering materials, corrosion
20. Industrial production, CAD, CAM
21. Electrical circuit, conductivity
22. Generation and distribution of electrical energy
23. Automation, robotics, modern factories
24. Multimedia, film, radio
25. Computers – input and output devices
