

**STŘEDNÍ PRŮMYSLOVÁ ŠKOLA STROJNÍ A ELEKTROTECHNICKÁ
A VYŠŠÍ ODBORNÁ ŠKOLA, LIBEREC 1, Masarykova 3**

Masarykova 3, 460 84 Liberec 1, tel. 485 100 113, fax 485 100 063, e-mail sekretariat@pslib.cz, http://www.pslib.cz

Témata pro zpracování školních zkušebních úloh

Předmět: anglický jazyk

Platnost: jaro 2015, podzim 2015

Třída: E4A

1. Our school – history, specializations, facilities, my 4 years here
2. My specialization, special excursions and working experience during my studies
3. Czech system of education, comparison to the British + American systems
4. Learning foreign languages, English as a means of international communication
5. Liberec – the town where I live or study
6. Czech Republic – history, geography, people
7. UK – history, geography, people
8. USA – history, geography, people
9. Canada – history, geography, people
10. Australia + New Zealand – history, geography, people
11. Famous English writing authors, the book I have read
12. Science and technology in our lives, famous inventors and scientists
13. Impact of industry to the environment, sustainable sources of energy
14. Technical specifications, measurements, measuring devices
15. Safety at work, instructions
16. Cars – parts, engine, driving, traffic rules
17. Computers in everyday life, basic configuration
18. Electronic communication
19. Engineering materials, corrosion
20. Industrial production, CAD, CAM
21. Electrical circuit, effects of el. current
22. Basic electronics terms, semiconductors, diodes
23. Automation, robotics
24. Transmission of signals
25. Computers – input and output devices

Témata pro zpracování školních zkušebních úloh byla projednána a schválena předmětovou komisí dne 30. 10. 2014.

Témata pro zpracování školních zkušebních úloh

Předmět: anglický jazyk

Platnost: jaro 2015, podzim 2015

Třída: L4

1. Our school.
2. My specialization, special excursions.
3. Learning foreign languages.
4. System of education in the UK, the USA and the Czech Republic.
5. Liberec.
6. The Czech Republic.
7. The United Kingdom.
8. The USA.
9. Canada.
10. Australia + New Zealand.
11. English and American writers, the book I have read.
12. Science and technology.
13. Impact of industry to our lives, sources of energy.
14. Technical specifications.
15. Safety and instructions.
16. Cars, engine.
17. Computers – basic configuration.
18. Electronic communication..
19. Engineering materials, corrosion.
20. Industrial production, CAM, CAD.
21. Electrical circuit, conductivity.
22. Generation of electrical energy.
23. Automation, robotícs, modern factories.
24. Multimedia, film, radio.
25. Computers - input and output devices.

Témata pro zpracování školních zkušebních úloh byla projednána a schválena předmětovou komisí dne 30. 10. 2014.
